Dear Parents

There has been a concerning lack of response from our grade 8's regarding their use of mouth guards when playing rugby or hockey.

We have enjoyed the services of max Mouthguards, whose superior product significantly reduces the severity of injuries of both dental and mouth injuries. As a result we've sent this email out to further publicise the excellent and important service Max offers our sportsmen.

The Pricing for 2015 is R550 per Mouthguard. This price includes our MAX PROTECT Service, as well as the option to purchase an additional 'spare' mouthguard for a reduced price of R250.

MAX PROTECT

MAX believes so strongly in the protective value of our custom made MAX mouthguards that each Mouthguard made by MAX includes additional protection through the MAX PROTECT 1-year limited dental warranty. In the unlikely event of accidental tooth loss or injury while playing sport and wearing your MAX mouthguard, MAX PROTECT will cover remedial dental treatment.

In addition, MAX will still offer our premium service to schools such as individual professional impression taking at your school at a time which suits you, free delivery within 10 business days and custom school colouring.

The impressions of the mouth guards will be taken at school on the **13th of March**.

The Mouthguard is in a colour scheme chosen by the school, and will have your son's name on it.

Interested parents need to utilise the online booking system used by Max at the following website:

<http://www.maxmouthguards.co.za/mouthguard-shop/>

- Click on the Eastern Cape and select Grey High School.
- Parents will need to follow this link and choose the school and session they would like to attend (Grey High School.)
- All Monies will be collected via their online shop.
- Max will only be accepting orders online where parents can pay by credit card, cash or EFT.
- The boys are to provide proof of payment on the day that the impressions are taken.

Any further queries can be directed to Mr Fenner Barnard at fbarnard@greyhighschool.com.

PROTECTION

"The Springboks trust and wear MAX Mouthguards to provide optimal protection against dental trauma of the mouth and teeth, both in training sessions and in matches. It is with great pleasure that I support and endorse MAX Mouthguards as a quality product befitting the professional sportsman that I medically manage."
