BREAKDOWN OF POOLS, QUARTER FINALS AND PLAY OFFS:

- Teams will be split into 3 pools of 4, giving each team 3 pool matches
- The top team in each pool will then be ranked 1-3 depending on points achieved in their respective pools. 2nd in each pool along with the 2 best placed 3rd will be ranked 4-8 depending on points achieved in their respective pools. Should this mean that you are down to play a member of your own pool, we will look to change that... ie 4 might have to play 6 and 3 might need to play 5 etc within reason...
- Quarter Finals will then be played as above on the fixture list
- Teams 9-12 will then compete in their own new pool and will play a further 3 games against each other
- Each team will play 6 games in total
